

FUTURE RESILIENT TRANSPORT SYSTEMS

Where do we go from here?

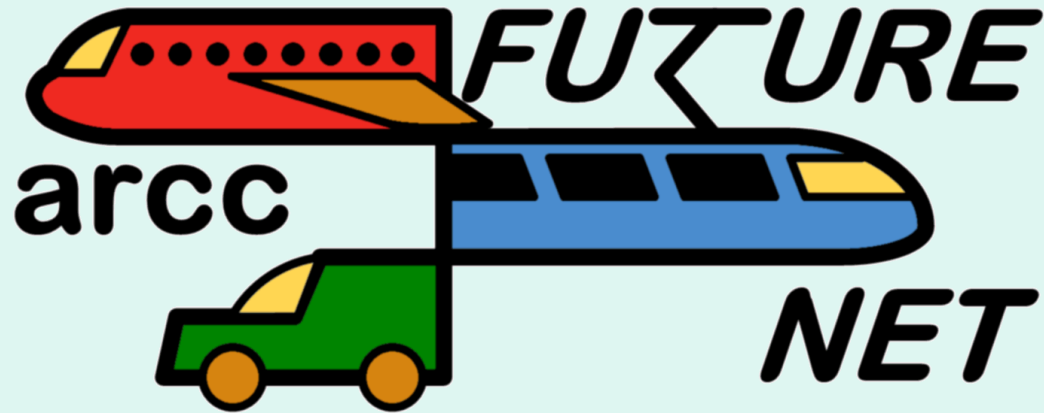

- Today's presentations will be mounted on the web
- Another dissemination event – the “academic” day at Birmingham on March 20th where details of all aspects of the work will be presented – all welcome
- Work will continue on modelling basics and applications
- FUTURENET consortium will continue to meet to discuss ongoing work
- Research work required on spatially correlated modelling of weather conditions, data requirements etc.

Where do we go from here?

- Interested in developing aspects of FUTURENET for your organisation?
- Please talk to us to find an appropriate way forward,

FUTURE RESILIENT TRANSPORT SYSTEMS
